

**Border Zone Cow Horse
Event 2026 - *Delungra* NSW**

The Border Zone Cow Horse Event, held from the 10th–12th April, was a fantastic weekend filled with great competition, plenty of laughs, and the true spirit of the cow horse community. Despite the dry conditions across the region, competitors travelled far and wide to support the event, bringing determination, sportsmanship, and some very talented horses to the arena.

A huge thank you must go to **Matt Eshman and family** for supplying the fabulous cattle used throughout the weekend. The quality of the cattle made for excellent runs and helped keep the competition exciting from start to finish.

Of course, no country event is complete without good food, and the wonderful **CWA ladies** certainly kept everyone well fed all weekend. From early morning coffees to delicious meals and sweet treats, their hard work was greatly appreciated by riders, volunteers, and spectators alike.

A very special thank you also goes to **Wilba and Kazz Thornberry** for their fantastic work as Judge and Scribe over the weekend. Their professionalism, patience, and dedication helped keep the event running smoothly from start to finish.

CARRIE'S
Bla**id**les 4
Brain cancer

We would also like to thank **Donna Phillips** for taking on the important roles of Paramedic and announcer, keeping everyone informed, entertained, and well looked after throughout the event.

The event would not have been possible without the incredible support of our **many generous sponsors, hardworking volunteers, and enthusiastic competitors.** Your support and dedication continue to make the Border Zone Cow Horse Event such a special gathering each year.

We are also proud to continue supporting **Carrie's Beanies 4 Brain Cancer**, a charity close to many hearts within our community. The generosity shown over the weekend once again highlighted the caring and supportive nature of the cow horse family.

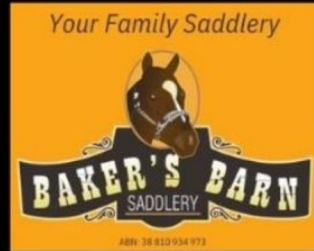

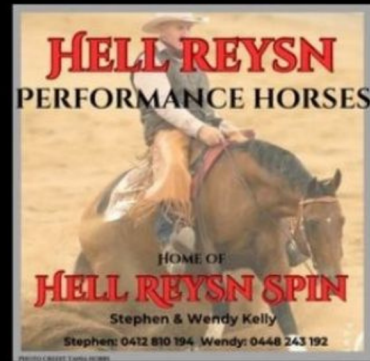

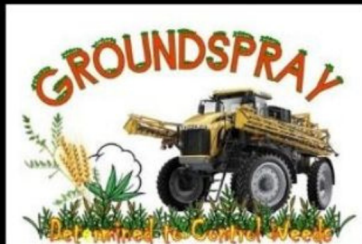

Another special thank you also goes to our talented photographer, **Jodie Adams**, who spent the weekend capturing every fast turn, sliding stop, dusty moment, and smiling face. Such special memories she has preserved for everyone.

All in all, the Border Zone Cow Horse Event proved once again that a little dust, a lot of teamwork, and a shared love of horses and cattle make for one unforgettable weekend. We're already looking forward to next year!
